APPLICATION & APPLICATION PERIODS

NON-DEGREE STUDENTS
https://www.international.tum.de/en/exchangestudents/study-at-tum-with-erasmus-or-semp/
Winter semester 2021/22 15.03. – 15.05.2021

DOUBLE DEGREE STUDENTS  Late April – 31.05.2021

IMPORTANT DATES

WINTER SEMESTER 2021/22
Orientation weeks n/a yet
https://www.international.tum.de/en/tumi-events/
Lecture period 18.10.21-11.02.2022
Examination periods 07.02.-26.03.2022
04.04.-30.04.2022

SUMMER SEMESTER 2022
Lecture period 25.04-29.07.2022
Examination periods 25.07.-10.09.2022
19.09.-22.10.2022
(Exams are either in Examination Period 1 or 2)

ACADEMIC INFORMATION

LANGUAGE OF INSTRUCTION
Undergraduate/first cycle German
Graduate/second cycle German, English

LANGUAGE REQUIREMENTS
English B1 or higher

LANGUAGE COURSES
If you are interested in taking a language course, please see:
www.sprachenzentrum.tum.de/en/for-students/

Office dealing with international exchange students (incoming/outgoing) & double degree students:
- Learning Agreements
- Certificates of arrival & departure
- Prolongation of stay

Please send your documents by email to:
exchange@mw.tum.de
COURSE SELECTION

For courses please see: campus.tum.de
As the course offer is updated only a few weeks before the beginning of the semester, please have a look at the previous year. Usually there are only minor changes between corresponding semesters.

ECTS can be found in the Module Catalog. As a general rule (for Mechanical Engineering courses): a 2 SWS (hours/week) course is 3 ECTS, 3 SWS correspond to 5 ECTS. Practical courses („Hochschulpraktika“) have 4 ECTS.

COURSE SELECTION REQUIREMENTS

At least 50% of your courses have to be within the Department of Mechanical Engineering (Subject Code MW xxxx), yet you can choose courses from other departments as well. We have no requirements regarding ECTS, yet you home institution may require you to take a certain amount (usually 30 ECTS) per semester.

THESIS & FINAL DEGREE PROJECT

Master theses are full time projects (30 ECTS, ~6 months). Bachelor theses are part time (11 ECTS, ~330h). Theses have to be written at any of the mechanical engineering institutes and have to be arranged independently. All details like language, beginning etc. have to be arranged personally between you and your supervisor. Please inform your supervisor in advance about any additional administrative issues (specific documents, e.g. evaluation sheets) if needed by your home university. Theses have to be registered at the Masterprüfungsausschuss mpa@mw.tum.de (Examination Board) as soon as you start your thesis.

TRANSCRIPT OF RECORDS

Your Transcript of Records (“certificate of progress of studies”) can be printed from your TUMonline account, which is still accessible after your stay at TUM. Usually it takes some time until the examination results are published. Please note that the official TUM Transcript is valid without a signature & stamp. If you nevertheless need a signed and sealed version, please contact the Examination Office Garching, Mrs. Praegla: hildegard.praegla@tum.de

OTHER USEFUL INFORMATION

BUDDY PROGRAM

If you would like to get a mechanical engineering student assigned as your buddy, please see: www.fsmb.de/en/fsmb/service/buddy-program/
